EDUCATION

DePaul University | Chicago, IL

Bachelor of Science, User Experience Design | Expected Graduation: December 2027

PROFESSIONAL EXPERIENCE

User Experience Design Intern

One.Health Partners | Jun 2026 - Aug 2026 | Chicago, IL

- Audited seven website areas and analyzed five peer organizations, identifying 30+ potential UX improvements that informed a six-page redesign with task-based navigation and reusable components.
- Designed 35+ SSO login-screen iterations for Atlantis and Odyssey, developing a shared visual direction for both healthcare platforms.
- Collaborated with a social media intern to create reusable Blue Swan Pharmacy templates for patient education, pharmacist introductions, and community outreach within a six-month content strategy.

User Experience Design Intern

InSight Arts | Jun 2025 - Dec 2025 | Brooklyn, NY

- Audited peer websites for accessibility, documenting contrast, typography, and screen-reader behavior to inform the team's design system, components, and page layouts.
- Led the shop-page design and translated high-fidelity Figma designs into responsive Wix pages, organizing artwork browsing and purchasing into a clear user flow.

Research & Data Analyst Intern

NRHR Talent Consulting Company | Jul 2025 – May 2026 | Naperville, IL

- Synthesized research into Excel and PowerPoint reports to support outreach and expansion planning.
- Created organizational charts, job descriptions, and role documentation to clarify reporting relationships and support hiring and onboarding.

SELECTED PROJECTS

UX Designer - Nivan

Conference at Illinois Institute of Technology | May 2026 | One-month project

- Designed a six-panel conference pamphlet from wireframes to print-ready layouts, organizing sessions, speakers, and QR-code access to the conference app; the pamphlets were printed and distributed to all attendees.

UX Design Lead - Kaizen

University of Florida Design-a-Thon | Feb 28 - Mar 1, 2026 | 24-hour project

- Interviewed five students about internship-search anxiety and led the design of a career companion app prototype, using daily tasks, a calendar, and streaks to make progress visible.

SKILLS

Research: User Interviews, Competitive Analysis, Usability Testing, Accessibility Audits

Design: UX Design, Wireframing, Prototyping, Design Systems

Tools: Figma, Wix, Adobe Illustrator, HTML, CSS, Claude Code, and ChatGPT Work
